

Rockwell Parts

Rockwell Parts - AxleTech International is a premier dealer in the world of specialty vehicle drive-train systems and components along with off highway vehicles. The business prides itself on being its customers' chosen supplier. AxleTech strives to meet and exceed their clients' expectations for technology, delivery, quality and service. They believe in working in an atmosphere which encourages the utmost integrity with empowered teamwork, along with a unyielding pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They place great emphasis on being an environmentally conscious business and offering a safe atmosphere for their employees to work in. Furthermore, they have applied various programs in the organization in order to help convey these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whichever questions or comments, as they are glad to share and promote this policy with a greater knowledge of their efforts. They are extremely dedicated to improving and preserving the natural environment. AxleTech has an EHS program that not only protects the environment but which even actively protects their neighbors and employees as well.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in manufacturing and designing planetary axles used for both commercial and military applications. These applications range from construction equipment to airport ground support. AxleTech specifically designs axles to meet particular application demands. They have over 1000 various axle specs in their current offering. With over 100+ years of knowledge and history, AxleTech proudly supplies the most complete solution for any of your axle needs. The company is well known in several commercial and military applications. They offer complete axle assemblies utilized for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have added details that can be found in the "ISAS" product collection.
