

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each international business. Transporting industrial goods happens every day on our industrious planet. Initially innovated as industrial vehicles in the 1930s in the U.S., lift trucks gained popularity following WWII in the 1940s. Becoming a reliable and efficient means to material handling solutions, the practicality and need of these machines spread worldwide.

Originally established as Toyo Carrier Manufacturing Company Limited, in 1949, the company was later renamed Toyo Umpanki Co. previous to becoming known as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's first forklift. Through the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the industry. TCM began constructing forklift manufacturing locations outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes various models of industrial forklifts with over 50 years of accumulated expertise and technology, making their products used and recognized all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading company.
